Dedication

As Seniors, we, the class of 1970, wish to thank all the individuals who have helped us through the years.

We would particularly like to express our gratitude to the individual who has been exceptionally willing and able to assist us in our efforts.

Therefore, we dedicate our yearbook to you, Mrs. Sandra Boggs, in grateful recognition of the boundless energy, skilled leadership, and magnificent talent you poured into our class projects.

Tribute

We would also like to express our appreciation to Mr. Alexander S. Johnston for his leadership and guidance.

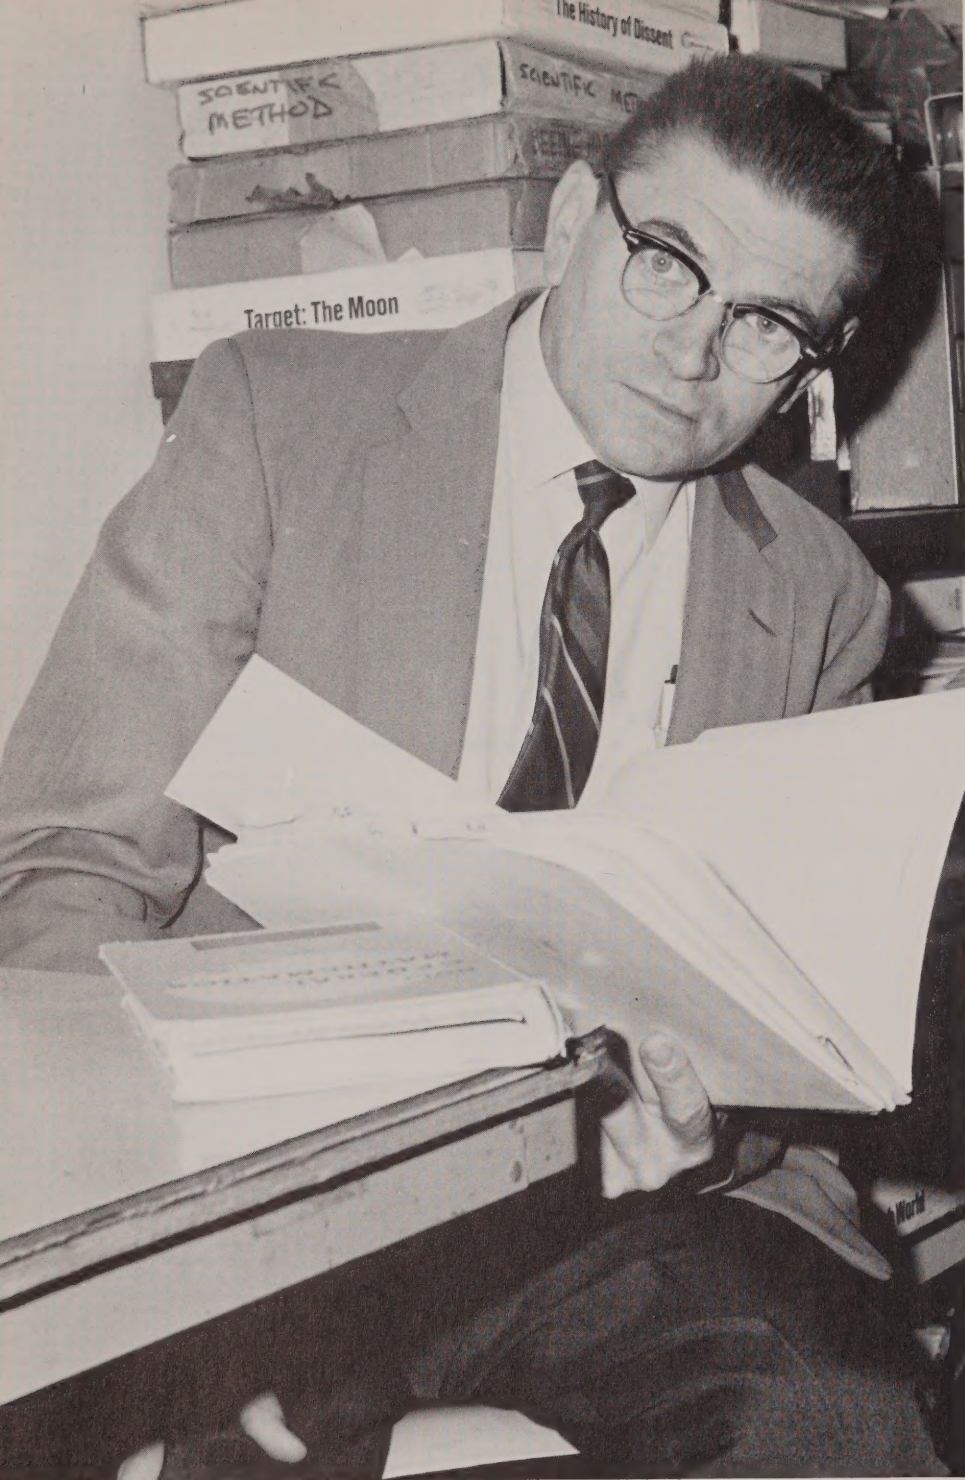

As principal, Mr. Johnston has answered the many questions, discussed the never ceasing problems, and added many helpful suggestions to the ideas voiced by the Seniors. As our advisor this year, Mr. Johnston has played an increasing role in our student life.

To show our sincere appreciation, we tribute our yearbook to you, Mr. Johnston.

Again, we would like to say "THANK YOU" to Mrs. Sandra Boggs and Mr. Alexander S. Johnston.

COMMENCEMENT

Reflect, if you will, on the word Commencement. Not only does it mean a celebration of four successful years, but also a "beginning of graduation life." Actually, at your High School Commencement you are just starting to assume life's major responsibilities. The diploma you receive is not only a record, but a passport to this future responsibility. American Optical Corporation congratulates you on your "Commencement." Our best wishes go with you as you assume new duties and obligations that will further mold you into a successful American citizen.
